### **Introduction**

Former ‘Ratnakar Dacoit ’(Robber) discovered that, nobody in his family, even his better half is ready to share the “SIN” he has gathered by doing dacoity and killing men. It gave him a tremendous ‘shock’ to switch on his “Chaitanya” (discovery and realization of reality) and transformed himself to “RISHI BALMIKI”. His ‘touch stone’ was activated ... by his family member.

Can you guess ? which thing I am referring as “TOUCH STONE”? Where it is available ? and how does it work as a magic stone ?

Yes you are right !! it is “YOUR HEART” !!! It’s nowhere, but it is there in the centre of your body. A small ‘GEM’, precious, sensitive, sophisticated part of your body gifted by god, which controls your body and mind. It is connected, activated, guided and supported with our soul and mind and charged with the power of will force, love, affection, honesty, sincerity, desires, kindness, forgives, justice etc. which reflects in the shape of “ATTITUDE”.

It has magnetic power like powerful magnet and attracts all other things in the universe. Every human being and other advance animals have this magic stone and each stone in the everybody’s body attracts each other like the gravitational force in between earth and the sun. It has both ‘positive’ and ‘negative’ force resulting the pulling and pushing respectively, which is termed in the human language as ‘love’ & ‘hate’. In our every steps of life, we exercise it and balance it in the “BALANCE SHEET” in our accounting pages of life.

Through this magic stone, we can convert the negative force to positive, which is an art of a person in a work place, in a family, club, playground, in society or any other social gathering and public places. we have to put ourselves in the Balance (measuring tool) of GIVE & TAKE which must be equal, weighted by the measuring unit of ‘honesty, sincerity, responsibility, accountability, through validation of commitment and justice.

When you want something, achieve something, owning something, entire path of Destiny are pitched with full of hurdles, obstacles, barriers which will prevent, oppose you in every step in your entire journey. You can overcome this, through your will force, devotion, honesty, sincerity which are guided by this touch stone. It is said, GOD helps to them, by carrying the load of pilgrimage, who honestly try for the Destiny.

Language that everyone on the earth are capable of understanding in their heart, it is love ! which comes from the heart, the touch stone!

Now it is the question, how we can use this “TOUCH STONE” in our work place ? in our family, in our society ? You will never be able to escape from your heart. Every time , in every action, your heart gives you alarm followed by a message ..... Please hear it ! realize it ! obey it ! and take right decision for an right action in right time.

Each things has to be transforming itself into something better.. better.. better and acquire a new height of destiny. When we strive to become better then we are, everything around us becomes better too.

Touch Stone purifies not only blood, but to all precious metals we have within us like love, affection and other qualities of life.
